CEO

Welcome on board Innov8 Elevators Inc!

As you know, Innov8 Elevators is a relatively small company with a vision to revolutionize the Elevator industry through state-of-the-art innovations. We have three products in our portfolio, the LoftY S10, the ArmTech V60 and the recently launched Levo B10.

Your role will be to lead the sales team of Levo B10. Your predecessor was a complete misfit and left the team in shatters. He could not inspire the team to get their act right and our board trusts that your leadership experience will turn the team around.

Information on the Levo B10, the parameters on which you will be assessed are attached.

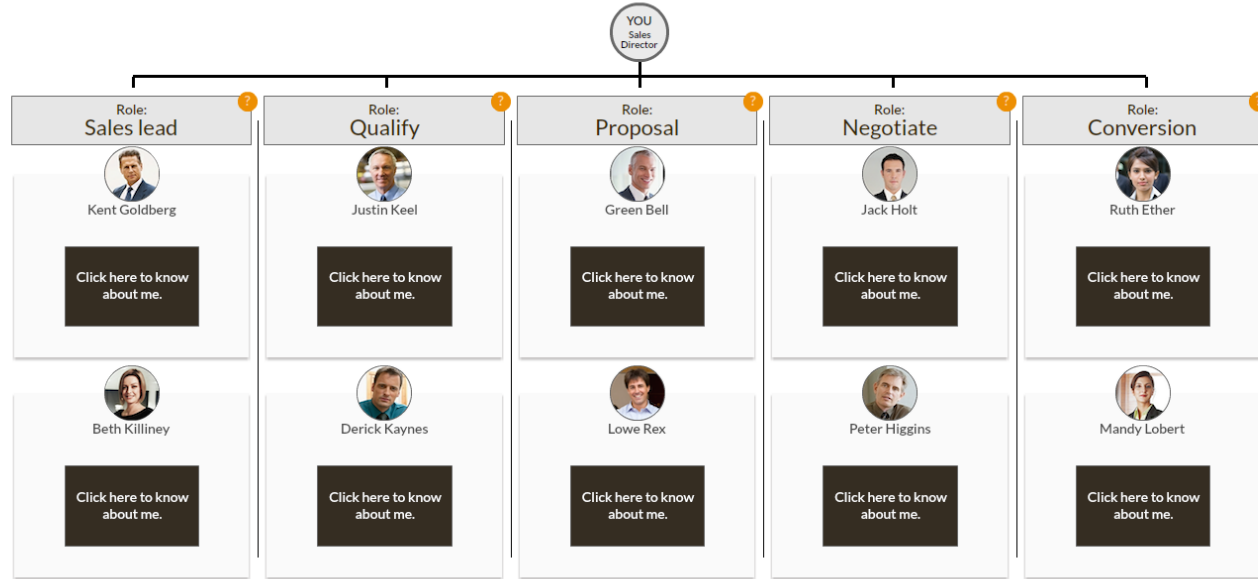

Good Luck!

Roger Kent
CEO, Innov8 Elevators

You are then taken to an initial dashboard where you can get to know about your team.

Before you jump into your role, take some time to meet your team and get to know them better. Find out who's angry, sad, happy - this will help you a lot while taking decisions.

[Let's Begin!](#)

On clicking on a team member, you are shown details about him/her.

The screenshot displays the iLead application interface. At the top, there is a navigation bar with the iLead logo, a 'How to play?' link, and a status bar showing 'Week: 1/12, Day: 1', '120 mins 0 secs', and a 'Welcome abc@bar.com' message with an 'Info' link and a 'LOGOUT' button.

The main content area shows a list of team members on the left. Kent Goldberg is highlighted, showing his role as 'Sales lead' and his stats: Skill: 30, Morale: 22, Result: 49. Below his stats is a 'Take an Action' button with a dropdown menu containing options: 'Email Kent', 'Fire Kent', 'Send for training', 'Meet Kent', 'Assess Kent', 'Reward Kent', 'Set Goals for Kent', 'Coach Kent', and 'Give Feedback'. A red message 'Can't take any action now' is displayed above the actions.

The right side of the profile shows 'Your interactions with Kent Goldberg' with the text 'No interaction yet' and a 'View Metrics' button. Below this is the 'About Kent Goldberg' section, which includes: 'Previous Company: Japantec', 'Joined Innov8: 1 month ago', 'Experience in Industry: 3 years', 'Skills: Lead Generation, Negotiation', and 'Remarks: He expected a lot more from his current job and has already started complaining to others about his job.'

In the background, other team members like Ruth Ether and Mandy Lobert are visible, each with their own profile card and a 'Click here to know about me.' link.

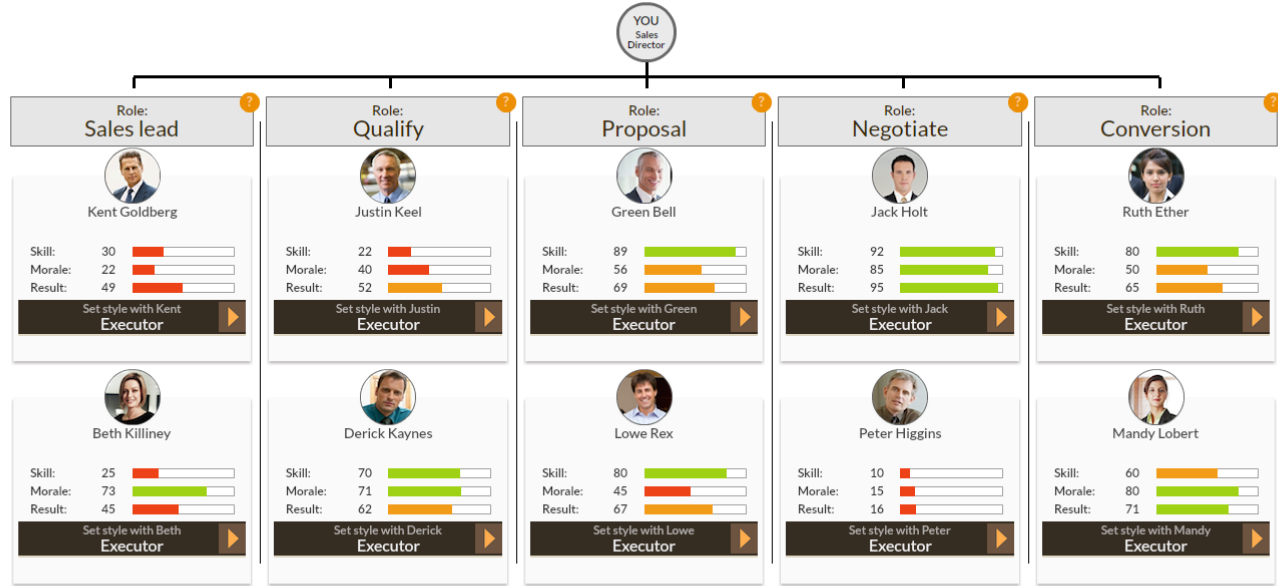

After you've got to know your team members, you can set a leadership style with every team member.

On clicking the Leaderboard option, you can assess your performance with the other participants of your group.

The screenshot displays the iLead application interface. At the top, there's a navigation bar with 'iLead', 'How to play?', and 'Leaderboard' (selected). The current week is 'Week: 1/12, Day: 2', and the time taken is '73 mins 24 secs'. A 'Welcome abc@bar.com' message and a 'LOGOUT' button are on the right.

Below the navigation bar, a 'Your Team' section shows team statistics: Team Skill: 56, Team Morale: 54, Team Result: 59, and a Target of \$0 / \$300,000. There are progress bars for each metric.

The main area is divided into four columns. The first column shows 'Sales leads: 2' with a profile for Kent Goldberg (Skill: 30, Morale: 24, Result: 52) and a 'Your style with Kent Executor' button. The second column shows 'Qualified leads: 1' with a profile for Justin Keel (Skill: 22, Morale: 43, Result: 54) and a 'Your style with Justin Executor' button. The third column shows 'Conversions: 0' with a profile for Ruth Ether (Skill: 80, Morale: 49, Result: 64) and a 'Your style with Ruth Executor' button. The fourth column shows a 'Take an Action' menu with options: Meet the Team, Energize team, Send email, Swap / Reassign roles, Send for training, Hire member, Fire member, Meet Face to Face, Assess member, Reward member, Set Goals, Coach member, and Give feedback.

In the center, a 'LEADERBOARD' modal is open, showing a list of participants. The modal has a close button (X) in the top right corner. The leaderboard table is as follows:
